Willingness to take on added responsibilities to meet team goals

PROJECTS

Volunteer Platform | React Front-End Develop

06/2022 – 06/2023

Volunteer Platform is an online portal that collects volunteering opportunities from all over Ukraine and helps like-minded people find each other. The platform allows volunteers to find opportunities to do good, develop and change the world, and non-profit organizations give a chance to find reliable volunteers for joint work and establish communication between them.

Smart Volunteers | React FullStack Develop

09/2023 – present

Introducing Smart Volunteers, the leading platform connecting volunteers with meaningful opportunities in the Lviv community. We understand the importance of giving back and believe that everyone has the power to make a difference. With our user-friendly interface and extensive network of organizations, finding the perfect volunteer role has never been easier. Join us today and become a part of community dedicated to make a positive impact. Smart Volunteers: Where passion meets purpose.
